

GME Intern Food Prep

Imagine what you
could do to
change the world.

We've gone far beyond making things better. And that includes making how we make things better. Around the world and across many sites and sectors, our multi-disciplinary teams are proactively working to streamline the systems that manufacture potential. It's an exciting, wide-open environment in which to drive your own development.

Want to know more about what we do within the Electrolux Group? Our documentary *The Next Black* explores the future of sustainable clothing with some of the most interesting and innovative fashion brands right now. Watch it [here](#).

GME Intern Food Prep, São Carlos

A regular day at work

As this position encompasses various activities and you will have the opportunity to be involved in high technical level projects, we offer you growth and learning experience where you can maximize both your professional and social skill set. In exchange, we count on your commitment, curiosity and eagerness to create added-value.

- As Intern, you will drive or participate in assigned Manufacturing Engineering projects and new Product Industrialization projects in Food Preparation to BA Latin America;
- Will plan, design, develop, automate and implement manufacturing process/automations and equipment;
- Responsible for supporting the activities of the area applying the knowledge of the University;
- Carry out low complexity activities and develop the activities covered by the Global and Local team, aiming at professional training.

You

- Agile - Both flexible and open minded, you work efficiently and proactively to deliver results.
- A team player - You nurture and develop the relationships that implement innovation.
- A problem-solver - You see challenge as opportunity.
- Influential - You get to know your stuff and can articulate it well, building a case that is sound and people can buy into.

Education & experience

- Higher education in Engineering (Mechanical, Electrical, Materials, Mechatronics, Industrial);
- Strong Excel, PowerPoint, and Word skills;
- Fluent Portuguese and English advanced.
